- 4.3** ICU will provide its Customers with support to resolve general issues relating to the Application and SaaS Service and their use thereof. This general support includes resources and documentation made available on ICU's website. The most efficient way to get answers to questions regarding the Application is to review said resources. If You still have questions after reviewing the documentation on ICU's website, please contact the support division of the third party from which the right to use and access the SaaS Service was originally purchased. ICU is not responsible for providing additional support for the SaaS Services and/or the Application unless specifically agreed in a separate agreement between the parties.
- 4.4** Support for hardware delivered as part of the Additional System Deliverables will be provided by ICU to the extent agreed between the parties in a separate Order Confirmation.

5 Changes to the SaaS Service

- 5.1** ICU may, without prior notification to the Customer, make changes to the SaaS Service or the method of providing it, that are not likely to cause the Customer any significant inconvenience.

6 Customer's use of the SaaS Service

- 6.1** Unless the parties have agreed otherwise, the Customer is granted a non-exclusive right to use the SaaS Service and the Application in its own business on the number of Measuring Points for which licenses have been acquired from ICU or its appointed representatives (each a "**License Right**"). Where a Third-Party Application is provided via the SaaS Service, clause 6.7 shall also apply. 6.7 The Customer may only use Third-Party Applications in accordance with the licensing terms issued by the Third-Party Product Supplier and referred to by ICU (if any). With respect to Third-Party Applications, ICU's liability for faults or intellectual property infringements is restricted to an obligation to report the fault/infringement to the Third-Party Product Supplier with undue delay. ICU shall implement any potential solution from the Third-Party Product Supplier, provided this can be done without negative interference with the SaaS Service. ICU has no other responsibility for fault or infringement in relation to Third-Party Applications.

7 Restricted access to the SaaS Service

7.1 If the Customer's use of the SaaS Service results in a risk of damage to ICU or another customer of the SaaS Service, ICU may block or restrict Customer's access to the SaaS Service. The Customer will be informed as soon as possible if the access to the SaaS Service is restricted.

7.2 ICU may carry out planned measures that affect the availability of the SaaS Service if required for technical, maintenance, operational or safety reasons. ICU undertakes to notify the Customer within a reasonable time before such action.

7.3 Further, ICU has the right, in its sole discretion, to terminate Customer's access to the SaaS Service or take such other action as it sees fit if Customer breaches any of the conditions set out in the General Terms.

8 Remuneration, fees and terms of payment

8.1 A limited right to access and use the SaaS Service subject to the terms set out herein can be purchased directly from ICU or through a third party, such as a distributor or sales representative. To the extent agreed between the Parties confirmed in a separate Order Confirmation, these General Terms shall commence the Start Date and last for the Initial Term. Thereafter the ordinary Subscription Period for the SaaS Service will start to take effect. Unless otherwise agreed between the parties in writing, the applicable subscription period for the SaaS Service shall be limited to the pre-paid period for which the license fee has been paid (each a "Subscription Period").

8.2 In consideration for the performance of the SaaS Service and providing the Application the Customer shall pay the fees set out in ICU's from time to time applicable price list. Additional System Deliverables provided by ICU shall be reimbursed separately subject to a purchase order and its related Order Confirmation, or if no such arrangement has been made, ICU's current pricelist for such services.

8.3 The Customer shall pay all invoices in full in accordance with the payment instructions stated on the relevant invoice. In the absence of specific conditions, payment shall be made within 30 days of the date the invoice was issued. Payments overdue for more than 60 days shall be considered as a significant breach of this Agreement. ICU reserves the right to suspend Customer's access to the SaaS Service until overdue payments have been remedied.

- 8.4** The Customer's subscription for the SaaS Service will automatically renew at the end of the applicable Subscription Period as agreed and confirmed in the Order Confirmation, unless the Customer cancels its subscription notice as specified in clause 16.2.
- 8.5** The remuneration is exclusive of VAT and other additional taxes and charges. With regard to Additional System Deliverables or other remuneration in accordance with the General Terms, ICU is entitled to invoice monthly in arrears.
- 8.6** In the event that ICU incurs extra work or additional costs due to circumstances for which the Customer is responsible, the Customer shall remunerate ICU for such extra work and additional costs in accordance with ICU's current price list.

9 Intellectual property rights

- 9.1** ICU and/or ICU's licensors hold all rights, including intellectual property rights, to the SaaS Service and any software included in the SaaS Service as well the Additional System Deliverables (including for the avoidance of doubt any hardware components provided by third parties on behalf of ICU).
- 9.2** It is ICU's responsibility that the Customer's use of the SaaS Service does not infringe any copyright, patent or other intellectual property right. If the infringement relates to the use of an Application that is not a Third-Party Application in a SaaS Service, ICU is only responsible under this clause 9.2 when the Customer uses the Application in the United States, a member state of the EU/EEA or another agreed country. ICU undertakes to defend, at its own expense, the Customer against any claims or actions regarding infringement of a third party's rights due to the Customer's use of the SaaS Service. ICU shall also indemnify the Customer for any costs or damages that the Customer may become liable to pay as a result of a judgment or settlement. The obligation by ICU only applies if the Customer has notified ICU in writing of a claim or action within a reasonable time and ICU has sole control over the defence against such action and the sole right to negotiate any agreement or settlement. Where a third party alleges that the Customer's use of the SaaS Service infringes upon a third party's rights, ICU is responsible for obtaining any necessary rights or procuring other non-infringing software without any costs and as few operational interruptions as possible to the Customer or, if the infringement concerns an Application that is not a Third-Party Application in a SaaS Service, amend it so that it no longer causes infringement, or terminate the General Terms with three (3) months' notice, in which case the Customer, during the notice period, is entitled to a deduction of the fee that corresponds to the reduction of the value of the SaaS Service as a result of the infringement. As concerns liability for infringement relating to the Customer's use of a Third-Party Application in a SaaS Service, the provisions in clause 6.7 shall apply instead. Other than as stated in this clause, ICU is not liable towards the Customer for infringements of a third party's intellectual property rights.
- 9.3** It is the Customer's responsibility that the necessary rights to use the Customer's Software within the scope of the SaaS Service are in place. The Customer undertakes to defend, at its own expense, ICU against any claims or actions regarding infringement of a third party's rights due to use of the Customer's Software within the scope of the SaaS Service. The Customer furthermore undertakes to indemnify ICU against any costs or damages that ICU may become liable to pay as a result of a judgment or settlement.

10 Customer's Data

- 10.1** In the relationship between the Customer and ICU, the Customer is the holder of all rights pertaining to Customer's Data. Unless otherwise follows from the General Terms, work in connection with transferring Customer's Data to the Customer during the term of the General Terms is an Additional System Deliverable.
- 10.2** The Customer is liable for and shall indemnify and hold ICU harmless from and against, any infringement by Customer's Data of any third party right or any other non-compliance with applicable law.

11 Personal data

- 11.1** When processing personal data within the scope of the SaaS Service, the Customer is the data controller and ICU is the data processor. As data controller it is the Customer's responsibility that personal data is processed in accordance with applicable legislation. ICU undertakes that it will only process personal data in accordance with the General Terms and the Customer's written instructions. ICU shall implement the appropriate technical and organisational measures to protect the personal data. ICU shall be prepared to comply with any orders issued by any governmental authority in accordance with law in relation to any measures required to fulfil the stipulated security requirements pertaining to the Customer's personal data. Where ICU incurs extra costs for complying with amended security requirements, the Customer shall compensate ICU for any such costs. ICU shall immediately notify the Customer upon discovering any completed or attempted unauthorised access to, destruction of or amendment to the Customer's personal data. ICU shall allow any inspections that a governmental authority may be entitled to require under law with regard to personal data processing. ICU may charge the Customer for any costs in connection with the implementation of such inspection.
- 11.2** When using a subcontractor who processes personal data (a “**subprocessor**”), ICU, as the Customer's representative, shall sign an agreement with the subprocessor, according to which the subprocessor, as data processor, undertakes towards the Customer to comply with the provisions of this clause 11. Where personal data will be transferred to a country outside of the EU/EEA, ICU shall ensure that the subprocessor signs the EU's standard agreement clauses for transferring personal data to a third country. ICU shall be entitled to sign the agreement as a representative of the Customer. Prior to using a subprocessor for the processing of personal data, ICU shall notify the Customer of the subprocessors it intends to use and which country personal data will be processed in. On the Customer's request, ICU shall send the Customer a copy of any agreements signed by ICU under this clause 11.2.
- 11.3** If ICU keeps a log of the use of the SaaS Service that contains personal data (as defined in the General Data Protection Regulation 2016/679), ICU may only, unless the parties have agreed otherwise, use the data from the log as necessary to perform the SaaS Services.

12 Confidentiality

- 12.1** Each party undertakes not to disclose, without the other party's consent, to a third party, during the term of the General Terms or for a period of three (3) years thereafter, any information regarding the other party's business that may be considered a business or professional secret or which

according to law is subject to a duty of confidentiality. Unless otherwise follows from law, ICU's pricing information or other information that a party specifies as confidential shall always be regarded as a business or professional secret. The confidentiality obligation does not apply to information that the party can demonstrate has become known to the party other than through the project or which is publicly known. Furthermore, the confidentiality obligation does not apply when a party is required to disclose such information by law, court or government order or binding stock exchange regulations. Where a party is required to disclose information in such way, it shall notify the other party prior to disclosure.

- 12.2** A party shall ensure that confidentiality is maintained as set out above by entering into confidentiality agreements with employees or taking other appropriate measures. A party shall also ensure that subcontractors and subcontractors' employees that participate in the performance of the project sign confidentiality obligations on equivalent terms.

13 Liability

- 13.1** The SaaS Service, including, without limitation, the Application and all content and services accessed through or via ICU's website, the application or otherwise, are provided "as is", "as available", and "with all faults".
- 13.2** Whilst ICU uses reasonable endeavours to correct any errors or omissions in the SaaS Service and the Application as soon as practicable once they have been brought to ICU's attention, ICU makes no promises, guarantees, representations or warranties of any kind whatsoever (express or implied) regarding, the application, the SaaS Service or any part or parts thereof, any content, or any linked services or other external services. ICU does not warrant that the Customer's use of the SaaS service will be uninterrupted, timely, secure or error-free, that defects will be corrected, or that the platform or any part or parts thereof, the content, or the servers on which the platform operates are or will be free of viruses or other harmful components. ICU does not warrant that any transmission of content uploaded to the platform will be secure or that any elements of the platform designed to prevent unauthorized access, sharing or download of content will be effective in any and all cases, and does not warrant that the Customer's use of the platform is lawful in any particular jurisdiction.
- 13.3** ICU and its subsidiaries, affiliates, successors, and assigns, and their respective employees, agents, directors, officers and shareholders, specifically disclaim all of the foregoing warranties and any other warranties not expressly set out herein to the fullest extent permitted by law, including without limitation any express or implied warranties regarding non-infringement, merchantability and fitness for a particular purpose.
- 13.4** Where the law of any jurisdiction limits or prohibits the disclaimer of implied or other warranties as set out above, the above disclaimers shall not apply to the extent that the law of such jurisdiction applies to these General Terms.

14 Limitation of liability

- 14.1** In no event shall ICU's aggregate liability to the Customer under these Terms exceed fifteen (15%) per cent of the amount paid by Customer for the SaaS Service during the previous twelve (12) months period.

- 14.2** Any claim or cause of action arising out of or related to the Customer's use of the SaaS Service and the Application must be notified to ICU as soon as possible.

15 Indemnification

To the fullest extent permitted by applicable law, Customer agrees to indemnify and hold ICU harmless from and against all damages, losses, and expenses of any kind (including reasonable attorney fees and costs) arising out of: (i) Your breach of these Terms; (ii) any Customer Data; (iii) any activity in which You engage on or through the Application; and (iv) Your violation of any law or the rights of a third party.

16 Term and termination

- 16.1** The Terms enter into force on the Start Date and each Subscription Period shall automatically be renewed for another pre-paid period until terminated in accordance with the terms set out herein.

- 16.2** Unless the parties agree otherwise, the Customer may terminate its subscription to the SaaS Service no later than thirty (30) days before the expiry of the current Subscription Period. Termination of a subscription shall be submitted in due time to **economy@icuscandinavia.com**. Terms as defined in 16.1 will apply until this Agreement is terminated.

- 16.3** ICU may terminate the General Terms:

- a) if the Customer commits a significant breach of its obligations under the General Terms and does not remedy such breach within 30 days of a written notice that is addressed to the party in question and contains a reference to this clause; or
- b) if the Customer enters into bankruptcy, initiates composition negotiations, is subject to a business reorganisation or is otherwise insolvent.

- 16.4** Further, ICU reserves the right to suspend Customer's access to the SaaS Service and terminate the General Terms if it has reason to believe that the Customer's use of the SaaS Service breaches any of the representations or warranties set out herein, or otherwise infringes another person's rights or violates any law, rule or regulation.

- 16.5** Termination shall only be valid if made in writing.

- 16.6** Upon termination of the General Terms, all use of the SaaS service shall cease and all Additional System Deliverables consisting of a Subscription where hardware products are included shall immediately be returned to ICU or its appointed representative distributing the associated hardware.
